

# Returning to School Social Situation

Over the past few months, I have not been at school. I have been staying at home because of coronavirus. During this time, I have been doing my schoolwork with my parents/ carers. All of my friends from school have also been staying at home. Schools have been shut to keep me and my friends safe from coronavirus.

In September it will be time for me to go back to school, see some of my friends and do my schoolwork with teachers. I will have to stay in the same area in school with my year group. This is OK.

# Returning to School Social Situation

My teachers and friends will be happy to see me back at school. When I go back, some things will be different. This is to keep me safe. I might find the changes difficult at first but my teacher will be there to help me. The changes might be hard at first. This is OK.

- Breaktimes and lunchtimes might be at different times. I might not be able to sit and eat with my friends in different year groups but I will be able to wave to them from a distance.
- I might stay with the same class, which may be in the same classroom and with different teachers.
- I must keep washing my hands for at least 20 seconds.
- If I am going to sneeze or cough, I must do this into a tissue then put the tissue in the bin and wash my hands.
- I must try to stay one metre away from my friends and two metres away from teachers.

Going back to school will be fun. I must try to remember that the changes are to keep me safe. My teachers will be proud of me for trying to remember what I need to do to keep safe at school.
