

## Catch-up Premium – Covid 19

Total funding received = £2500

Following the 2020 lockdown due to the COVID-19 pandemic we received an additional amount of money to provide catch-up support for those pupils that require it. To utilise this additional funding in the best possible way we have considered closely the research and advice put forward by the EEF, considering our pupil's academic and personal development to inform our decisions. The money has been allocated under the three headings of

1. **Targeted support**- one to one and small group tuition, Intervention programmes and extended school time.
2. **Wider Strategies**- Supporting parents and carers, Summer support, Access to Technology.

### Targeted Support:

Intent	Implementation	Impact
Supporting students who are resitting GCSE Mathematics in the sixth form and ensure that they achieve a Grade 4 before the September 2021.	<p>Additional after school sessions run on a Tuesday and Thursday with Mr Khalil, between September and November.</p> <p>Costs (£45 per hour) x 16 sessions - <b>£720</b></p> <p>Sessions to continue for the remaining students from February to April.</p> <p>Costs (£45 per hour) x 10 sessions - <b>£450</b></p>	<p>November entries = 55% of the resit students achieved a Grade 4.</p> <p>Remaining students to be entered for the GCSE Summer exams 2021.</p>
Supporting Year 13 students with their transition to Higher Education through the achievement of a Level 2 Functional Maths qualification as an alternative to the GCSE.	<p>Purchasing additional revision resources to be used alongside the teaching.</p> <p><i>'New Functional Skills Maths Level 2 – Study and Test'</i> Costs £7.49 x2</p> <p><i>'New Functional Skills Maths Level 2 – Revision Cards'</i> Costs £7.99 x2</p> <p>Total = <b>£30.96</b></p>	<p>Enabling two students to gain access to their chosen university courses which both require a Level 2 Mathematics qualification.</p>
Supporting a Year 13 student with her independent studies in Maths and Science to enable her transition to Higher Education.	<p>Purchasing additional A level textbooks to support a DA student with her transition to study Pharmacy at university.</p> <p>Total = <b>£40</b></p>	<p>Ensuring the student achieves her forecast grades ABB in the Summer 2021 exams and gains access to her chosen university course.</p>

**Wider Strategies:**

<b>Intent</b>	<b>Implementation</b>	<b>Impact</b>
Increasing engagement and supporting students with their remote learning and independent learning by purchasing laptops for students who are considered to be IT vulnerable.	x5 Laptops provided to students to increase their engagement when remote learning and independently studies.  Costs (£300 per laptop)  Total = <b>£1500</b>	Increase the engagement and submission of work for the students identified through Class Charts and subject teacher feedback.
Supporting Media Studies students with the theoretical aspects of the course and develop their exam techniques (results 2019).	Purchase eRevision subscription for Media Studies Eduqas. Allowing students more opportunity to practise exam questions and develop their understanding of the assessment objectives.  Cost <b>£129.00</b>	Increase the performance of the students in the externally examined components of the A levels (Results 2021).
