

7 South	Male learning Intentions set 1	Male learning Intentions set 2	Female learning Intentions set 1	Female learning Intentions set 2
Week 15	Badminton	Badminton		
Lesson 1	Badminton - To know how to set up a badminton court. - To know about the different resources required for a badminton game. - To know and understand the basic grip and handle skill. - To be able to keep a rally.	Badminton - To know how to set up a badminton court. - To know about the different resources required for a badminton game. - To know and understand the basic grip and handle skill. - To be able to keep a rally.	Gymnastics Points and Patches balances: - What are the differences between both type of balances? - Work with their peers to create more complicated balances	Gymnastics Points and Patches balances: - What are the differences between both type of balances? - Work with their peers to create more complicated balances
Lesson 2	Badminton - To introduce and understand the ready position in badminton. - To know the court dimensions for both singles games and doubles games. - To know and understand the basic singles and doubles rules. - To know and understand the badminton scoring system.	Badminton - To introduce and understand the ready position in badminton. - To know the court dimensions for both singles games and doubles games. - To know and understand the basic singles and doubles rules. - To know and understand the badminton scoring system.	Gymnastics What makes a good balance? - Basic body tension, using the 3 's'= strong, straight & still. - Be able to look at another students' performance & identify the 3 's'.	Gymnastics What makes a good balance? - Basic body tension, using the 3 's'= strong, straight & still. - Be able to look at another students' performance & identify the 3 's'.

Week 16				
Lesson 1	Badminton - To know the teaching points for the backhand serve in badminton. - To be able to perform the backhand serve in isolation. - To be able to perform the backhand serve in a conditioned practice. - To be able to perform the backhand serve in a competitive game.	Badminton - To know the teaching points for the backhand serve in badminton. - To be able to perform the backhand serve in isolation. - To be able to perform the backhand serve in a conditioned practice. - To be able to perform the backhand serve in a competitive game.	Gymnastics Counter balance and counter tension. - Understand the difference between them both. - Safety of performing: grips etc - Identify the type of balance when they see it performed.	Gymnastics Counter balance and counter tension. - Understand the difference between them both. - Safety of performing: grips etc - Identify the type of balance when they see it performed.
Lesson 2	Badminton - To know the teaching points for the forehand serve in badminton. - To be able to perform the forehand serve in isolation. - To be able to perform the forehand serve in a conditioned practice. - To be able to perform the forehand serve in a competitive game.	Badminton - To know the teaching points for the forehand serve in badminton. - To be able to perform the forehand serve in isolation. - To be able to perform the forehand serve in a conditioned practice. - To be able to perform the forehand serve in a competitive game.	Gymnastics Routines: what makes a good routine? - Demonstrate the 3 's' - Key word aesthetically pleasing= smooth transition. - Know different ways of transitioning: low to high, jumps, pivot, roll etc	Gymnastics Routines: what makes a good routine? - Demonstrate the 3 's' - Key word aesthetically pleasing= smooth transition. - Know different ways of transitioning: low to high, jumps, pivot, roll etc

Lesson 3	Badminton - To know the teaching points for the overhead clear. - To be able to perform the overhead clear. - To be able to perform the overhead clear in isolation. - To be able to perform the overhead clear in a conditioned practice. - To be able to perform the overhead clear in a competitive game.	Badminton - To know the teaching points for the overhead clear. - To be able to perform the overhead clear. - To be able to perform the overhead clear in isolation. - To be able to perform the overhead clear in a conditioned practice. - To be able to perform the overhead clear in a competitive game.	Gymnastics Development of performance - Peer assessment/self assessment: using tablets or watching own group or visiting others. - Looking at the more challenging cards for ideas.	Gymnastics Development of performance - Peer assessment/self assessment: using tablets or watching own group or visiting others. - Looking at the more challenging cards for ideas.
Week 17				
Lesson 1	Badminton - To know the teaching points for the net shot/net play. - To be able to perform the net shot/net play. - To be able to perform the net shot/net play in isolation. - To be able to perform the net shot/net play in a conditioned practice. - To be able to perform the net shot/net play in a competitive game.	Badminton - To know the teaching points for the net shot/net play. - To be able to perform the net shot/net play. - To be able to perform the net shot/net play in isolation. - To be able to perform the net shot/net play in a conditioned practice. - To be able to perform the net shot/net play in a competitive game.	Gymnastics Self-Assessment lesson: - Reviewing themselves against the criteria. - Giving others feedback.	Gymnastics Self-Assessment lesson: - Reviewing themselves against the criteria. - Giving others feedback.

Lesson 2	Badminton • Assessment Lesson • Know and apply the basic rules of Badminton • Demonstrate how to score correctly in singles.	Badminton • Assessment Lesson • Know and apply the basic rules of Badminton • Demonstrate how to score correctly in singles.	Gymnastics Performance lesson • Being able to their routine in front of others.	Gymnastics Performance lesson • Being able to their routine in front of others.
Week 18	Basketball	Basketball		
Lesson 1	To be able to perform the fundamental basketball skill of ball handling. To be able to perform these in a small sided game to maintain possession. To develop their understanding and knowledge of the basic rules of Basketball.	To be able to perform the fundamental basketball skill of ball handling. To be able to perform these in a small sided game to maintain possession. To develop their understanding and knowledge of the basic rules of Basketball.	Dance The Haka Intro to the Hakka. To understand the origin of 'The Hakka' and to learn to the words of the dance.	Dance The Haka Intro to the Hakka. To understand the origin of 'The Hakka' and to learn to the words of the dance.
Lesson 2	To introduce & understand where passing is used in basketball. To be able to outwit opponents with passes and angled runs. To begin to understand the need of tactical movements to invade opponent's basket.	To introduce & understand where passing is used in basketball. To be able to outwit opponents with passes and angled runs. To begin to understand the need of tactical movements to invade opponent's basket.	Dance Replicate the Haka To be able to perform all of the actions of the original Hakka with strong, bold, intimidating actions. Haka 'face off' to encourage the emotions of the dance.	Dance Replicate the Haka To be able to perform all of the actions of the original Hakka with strong, bold, intimidating actions. Haka 'face off' to encourage the emotions of the dance.
Lesson 3	To be able to perform the basic dribbling technique with control and accuracy. To be able to outwit opponents with the use of these skills.	To be able to perform the basic dribbling technique with control and accuracy. To be able to outwit opponents with the use of these skills.	Dance Devise the choreography for the new team Hakka. Create a concept/topic their dance will cover. Focus upon the	Dance Devise the choreography for the new team Hakka. Create a concept/topic their dance will cover. Focus upon

	To be able to perform skills in a small sided game making decisions about how best to advance on opposition. To develop an understanding of the rule of travelling in Basketball.	To be able to perform skills in a small sided game making decisions about how best to advance on opposition. To develop an understanding of the rule of travelling in Basketball.	starting position. Create a leader to count everyone in, practice their first section.	the starting position. Create a leader to count everyone in, practice their first section.
Week 19				
Lesson 1	To understand and know the benefits of the different types of shot. To develop their understanding and knowledge of how to execute a successful set shot. To be able to outwit opponents using learnt skills and techniques. To develop an understanding of the importance of width and playing into space in order to attack.	To understand and know the benefits of the different types of shot. To develop their understanding and knowledge of how to execute a successful set shot. To be able to outwit opponents using learnt skills and techniques. To develop an understanding of the importance of width and playing into space in order to attack.	Dance To complete peer assessments Students will move around the group and perform what they have created so far to another group. Criteria: Loud voices, Clear & strong gestures and timing.	Dance To complete peer assessments Students will move around the group and perform what they have created so far to another group. Criteria: Loud voices, Clear & strong gestures and timing.
Lesson 2	To perform a basic lay-up technique appreciating the outcome necessary. To develop their understanding and knowledge of how to outwit an opponent using appropriate shot selection. To understand and appreciate the need to make decisions about choice of technique and refining ideas when unsuccessful.	To perform a basic lay-up technique appreciating the outcome necessary. To develop their understanding and knowledge of how to outwit an opponent using appropriate shot selection. To understand and appreciate the need to make decisions about choice of technique and refining ideas when unsuccessful.	Dance Develop compositional ideas Looking at adding levels, direction, thinking about creating own arm movements.	Dance Develop compositional ideas Looking at adding levels, direction, thinking about creating own arm movements.
Week 20				
Lesson 1	To demonstrate the ability to outwit an opponent in a game	To demonstrate the ability to outwit an opponent in a game	Dance Self Assessment:	Dance Self Assessment:

	situation using the appropriate skills and techniques. Pupils are to develop their knowledge and understanding of the rules in basketball.	situation using the appropriate skills and techniques. Pupils are to develop their knowledge and understanding of the rules in basketball.	Using the tablets to video own dance. Make adjustments. Thinking about how they can challenge themselves to make their routine original.	Using the tablets to video own dance. Make adjustments. Thinking about how they can challenge themselves to make their routine original.
Lesson 2	their development – Inter form basketball comp. 2v2 ½ court trying to outwit opponents using skills. Small Sided Game-3v3 games full court. Contact when shooting = free throw	their development – Inter form basketball comp. 2v2 ½ court trying to outwit opponents using skills. Small Sided Game-3v3 games full court. Contact when shooting = free throw	Dance Self Assessment: Continued from lesson before.	Dance Self Assessment: Continued for lesson before
Lesson 3	Mini tournament continued. Students will be asked to evaluate performance and be expected to try and identify areas of strength and areas for improvement.	Mini tournament continued. Students will be asked to evaluate performance and be expected to try and identify areas of strength and areas for improvement.	Dance Final Performances Students will rehearse own dance thinking about where the audience will be sat and then perform.	Dance Final Performances Students will rehearse own dance thinking about where the audience will be sat and then perform.
Week 21	Gymnastics	Fitness		
Lesson 1	Gymnastics Points and Patches balances: - What are the differences between both type of balances? - Work with their peers to create more complicated balances	Fitness Know a range of fitness tests. Aerobic warm up and stretches (locating major muscles and counting stretches) Fitness testing circuit – record results Abdominal curl (muscular endurance) Press up test (muscular endurance) Hand grip dynamometer (strength)	Handball Sport Education Model Students will sorted into teams and work together to allocate roles such as warm up leader, equipment manager and coach. To be able to perform fundamental handball handling skills. To be able to perform these in a small sided game to maintain possession.	Handball Sport Education model Students will sorted into teams and work together to allocate roles such as warm up leader, equipment manager and coach. To be able to perform fundamental handball handling skills. To be able to perform these in a small sided game to maintain possession.

		Ruler drop (reaction time) Agility run (agility) Step up test (aerobic endurance)	To develop their understanding and knowledge of the basic rules of Handball.	To develop their understanding and knowledge of the basic rules of Handball.
Lesson 2	Gymnastics What makes a good balance? - Basic body tension, using the 3 's'= strong, straight & still. - Be able to look at another students' performance & identify the 3 's'.	Fitness Learn the technique for a range of different exercises. Teacher led circuit In small groups direct students to a station. At the station read the card and try to perform the correct technique. Teacher monitor. Group then delivers station to the rest of the class using demonstrations and explanation of technique. Complete circuit in pairs and peer coach each others technique. Number 1 work and number 2 rest/coach	Handball To be able to perform basic passing & receiving with accuracy. To be able to outwit opponents with the use of these techniques. To understand the rules regarding the pass and catching the ball. To perform skills in a small sided game making decisions about how best to advance on opposition.	Handball To be able to perform basic passing & receiving with accuracy. To be able to outwit opponents with the use of these techniques. To understand the rules regarding the pass and catching the ball. To perform skills in a small sided game making decisions about how best to advance on opposition.
Week 22		Fitness		
Lesson 1	Gymnastics Counter balance and counter tension. - Understand the difference between them both. - Safety of performing: grips etc	Complete a teacher led circuit to improve your aerobic endurance. Circuit 1 min on each station Use aerobic circuit stations such as stars jumps, burpees, shuttle runs etc (cards in PE office)	Handball To be able to outwit opponents using learnt skills and techniques. To understand the importance of width in order to attack. To demonstrate an understanding of the basic rules. To develop their understanding of strategic and tactical play in	Handball To be able to outwit opponents using learnt skills and techniques. To understand the importance of width in order to attack. To demonstrate an understanding of the basic rules.

	Identify the type of balance when they see it performed.		handball to beat and outwit an opponent.	To develop their understanding of strategic and tactical play in handball to beat and outwit an opponent.
Lesson 2	Gymnastics Routines: what makes a good routine? - Demonstrate the 3 's' - Key word aesthetically pleasing= smooth transition. - Know different ways of transitioning: low to high, jumps, pivot, roll etc	Fitness Complete a circuit and identify the difference between aerobic exercise and anaerobic exercises. Aerobic and anaerobic circuit Difference between stations – can students identify which is aerobic and which is anaerobic	Handball Defending technique To develop their understanding and knowledge of how to defend. To perform and accurately replicate the correct techniques for front and side blocking. To understand the rules regarding defending within the game.	Handball Defending technique To develop their understanding and knowledge of how to defend. To perform and accurately replicate the correct techniques for front and side blocking. To understand the rules regarding defending within the game.
Lesson 3	Gymnastics Development of performance - Peer assessment/self assessment: using tablets or watching own group or visiting others. - Looking at the more challenging cards for ideas.	Create your own circuit using your own ideas. Design own circuit in groups of 4 considering using both aerobic and anaerobic exercises. Each group of student given a mat and all relevant equipment to perform. Must have 6 different station and each station will last 1 minute Evaluate the stations using the scale (1-10) – which station was easiest how could it be changed for next week	Handball To be able to outwit opponents using learnt skills and techniques. To develop the decision making process in a game situation. To confidently describe the rules and laws of handball. To begin to recognize and identify strengths and weaknesses when playing small sided games	Handball To be able to outwit opponents using learnt skills and techniques. To develop the decision making process in a game situation. To confidently describe the rules and laws of handball. To begin to recognize and identify strengths and weaknesses when playing small sided games
week 23				
Lesson 1	Gymnastics	Fitness	Handball	Handball

	- Self Assessment lesson: - Reviewing themselves against a criteria. - Giving others feedback.	Acting on feedback from the previous week progress your circuit. Progression of your own circuit - In the same groups from the previous week - Make any changes to the circuit to make a station harder - Must have 6 different station and each station will last 1min 20 - Evaluate and compare to previous week again using scale (1-10) or HR	To demonstrate the ability to outwit an opponent in a game situation using the appropriate skills and techniques. The pupils are to develop their knowledge and understanding of the rules in handball.	To demonstrate the ability to outwit an opponent in a game situation using the appropriate skills and techniques. The pupils are to develop their knowledge and understanding of the rules in handball.
Lesson 2	Gymnastics Performance lesson Being able to their routine in front of others.	Fitness Show improved technique in different exercises by exercising safely and effectively activities such as multi-skills i.e. agility, balance, coordination as well improved health related fitness components including cardiovascular and muscular endurance, flexibility etc. Show improved understanding of the principles of training, training methods and concepts and health and fitness strategies.	Handball Show ability to make observations about how to improve play. Carry out a specific role within invasion games i.e. performer, leader/coach, and official. Show greater understanding of the rules and tactics required in handball. Show understanding of how involvement in handball can help in leading healthy and active lifestyles.	Handball Show ability to make observations about how to improve play. Carry out a specific role within invasion games i.e. performer, leader/coach, and official. Show greater understanding of the rules and tactics required in handball. Show understanding of how involvement in handball can help in leading healthy and active lifestyles.
Week 24	Fitness	Gymnastics	Badminton	Badminton
Lesson 1	Fitness Know a range of fitness tests.	Gymnastics Points and Patches balances:	Badminton	Badminton

	Aerobic warm up and stretches (locating major muscles and counting stretches) Fitness testing circuit – record results Abdominal curl (muscular endurance) Press up test (muscular endurance) Hand grip dynamometer (strength) Ruler drop (reaction time) Agility run (agility) Step up test (aerobic endurance)	• What are the differences between both type of balances? • Work with their peers to create more complicated balances	To know how to set up a badminton court. To know about the different resources required for a badminton game. To know and understand the basic grip and handle skill. To be able to keep a rally.	To know how to set up a badminton court. To know about the different resources required for a badminton game. To know and understand the basic grip and handle skill. To be able to keep a rally.
Lesson 2	Fitness Learn the technique for a range of different exercises. Teacher led circuit In small groups direct students to a station. At the station read the card and try to perform the correct technique. Teacher monitor. Group then delivers station to the rest of the class using demonstrations and explanation of technique. Complete circuit in pairs and peer coach each others technique. Number 1 work and number 2 rest/coach	Gymnastics What makes a good balance? • Basic body tension, using the 3 's'= strong, straight & still. • Be able to look at another students' performance & identify the 3 's'.	Badminton To introduce and understand the ready position in badminton. To know the court dimensions for both singles games and doubles games. To know and understand the basic singles and doubles rules. To know and understand the badminton scoring system.	Badminton To introduce and understand the ready position in badminton. To know the court dimensions for both singles games and doubles games. To know and understand the basic singles and doubles rules. To know and understand the badminton scoring system.

Lesson 3	Fitness Complete a teacher led circuit to improve your aerobic endurance. Circuit 1 min on each station Use aerobic circuit stations such as stars jumps, burpees, shuttle runs etc (cards in PE office)	Gymnastics Counter balance and counter tension. Understand the difference between them both. Safety of performing: grips etc Identify the type of balance when they see it performed.	Badminton To know the teaching points for the backhand serve in badminton. • To be able to perform the backhand serve in isolation. To be able to perform the backhand serve in a conditioned practice. To be able to perform the backhand serve in a competitive game.	Badminton To know the teaching points for the backhand serve in badminton. To be able to perform the backhand serve in isolation. To be able to perform the backhand serve in a conditioned practice. To be able to perform the backhand serve in a competitive game.
week 25				
Lesson 1	Fitness Complete a circuit and identify the difference between aerobic exercise and anaerobic exercises. Aerobic and anaerobic circuit Difference between stations – can students identify which is aerobic and which is anaerobic	Gymnastics Routines: what makes a good routine? • Demonstrate the 3 ‘s’ • Key word aesthetically pleasing= smooth transition. • Know different ways of transitioning: low to high, jumps, pivot, roll etc	Badminton To know the teaching points for the forehand serve in badminton. To be able to perform the forehand serve in isolation. To be able to perform the forehand serve in a conditioned practice. To be able to perform the forehand serve in a competitive game.	Badminton To know the teaching points for the forehand serve in badminton. To be able to perform the forehand serve in isolation. To be able to perform the forehand serve in a conditioned practice. To be able to perform the forehand serve in a competitive game.
Lesson 2	Fitness Create your own circuit using your own ideas. Design own circuit in groups of 4 considering using both aerobic and anaerobic exercises. Each group of student given a mat and all relevant equipment to perform.	Gymnastics Development of performance Peer assessment/self assessment: using tablets or watching own group or visiting others.	Badminton To know the teaching points for the overhead clear. To be able to perform the overhead clear. To be able to perform the overhead clear in isolation. To be able to perform the overhead clear in a conditioned practice.	Badminton To know the teaching points for the overhead clear. To be able to perform the overhead clear. To be able to perform the overhead clear in isolation. To be able to perform the overhead clear in a conditioned practice.

	Must have 6 different station and each station will last 1 minute Evaluate the stations using the scale (1-10) – which station was easiest how could it be changed for next week	Looking at the more challenging cards for ideas.	To be able to perform the overhead clear in a competitive game.	To be able to perform the overhead clear in a competitive game.
week 26				
Lesson 1	Fitness Acting on feedback from the previous week progress your circuit. Progression of your own circuit • In the same groups from the previous week • Make any changes to the circuit to make a station harder • Must have 6 different station and each station will last 1min 20 • Evaluate and compare to previous week again using scale (1-10) or HR	Gymnastics: Self Assessment lesson: • Reviewing themselves against a criteria. • Giving others feedback.	• Badminton • To know the teaching points for the net shot/net play. • To be able to perform the net shot/net play. • To be able to perform the net shot/net play in isolation. • To be able to perform the net shot/net play in a conditioned practice. • To be able to perform the net shot/net play in a competitive game.	• Badminton • To know the teaching points for the net shot/net play. • To be able to perform the net shot/net play. • To be able to perform the net shot/net play in isolation. • To be able to perform the net shot/net play in a conditioned practice. • To be able to perform the net shot/net play in a competitive game.
Lesson 2	Fitness Show improved technique in different exercises by exercising safely and effectively activities such as multi-skills i.e. agility, balance, coordination as well improved health related fitness components including	Gymnastics Final Prep for the assessment lesson.	Badminton • Assessment Lesson • Know and apply the basic rules of Badminton Demonstrate how to score correctly in singles	Badminton • Assessment Lesson • Know and apply the basic rules of Badminton Demonstrate how to score correctly in singles

	cardiovascular and muscular endurance, flexibility etc. Show improved understanding of the principles of training, training methods and concepts and health and fitness strategies.			
Lesson 3	Fitness Repeat their circuit focus upon reviewing the impact upon their own fitness.	Gymnastics: Performance lesson • Being able to their routine in front of others.	Badminton • Assessment Lesson • Know and apply the basic rules of Badminton Demonstrate how to score correctly in singles	Badminton • Assessment Lesson • Know and apply the basic rules of Badminton Demonstrate how to score correctly in singles
