

Awakening Minds in RE

We will inspire students to develop a curiosity about faith and spirituality. Supporting them in their own journey, exploring religious and philosophical questions.

Achieving Dreams in RE

We will ensure that students are challenged, developing strong skills and knowledge to be able to be successful at GCSE and A Level, encouraging them to have high aspirations for the future.

Serving Others in RE

RE is centered on Jesus' teaching to love our neighbour. Through our studies we will support students to show respect and kindness to all our neighbours. Students will have the opportunity to discuss a range of issues which will help them develop in empathy and understanding of others.
