

SPRING	8 Calculating with fractions	
Wk 21 19/02/2024	8.1 Adding and subtracting fractions	Adding and subtracting fractions with any size denominator.
	8.2 Multiplying fractions	Multiply integers and fractions by a fraction Use appropriate methods for multiplying fractions.
	8.3 Fractions, decimals and reciprocals	Convert fractions to decimals. Write one amount as a fraction of another. Find the reciprocal of a number.
Wk 22 26/02/2024	8.4 Dividing fractions	Divide integers and fractions by a fraction. Use strategies for dividing fractions.
	8.5 Calculating with mixed numbers	Use the four operations with mixed numbers.
PAZ 2 Assessment		
	9 Straight-line graphs	
Wk 23 04/03/2024	9.1 Direct proportion on graphs	Recognising when values are in direct proportion. Plotting graphs and reading values to solve problems.
	9.2 Gradients	Plot a straight-line graph and work out its gradient.
Wk 24 11/03/2024	9.3 Equations of straight lines	Plot the graphs of linear functions. Find midpoints of line segments. Write the equations of straight line graphs in the form $y = mx + c$
Wk 25 18/03/2024	9.4 STEM: Direct proportion problems	Identify and describe practical examples of direct proportion. Solve problems involving direct proportion with or without a graph.
