

Year 11- Food Preparation and Nutrition (Learning Intentions Half-Term 1)

Week 1	Lesson 1 Learning Intentions	Lesson 2 Learning Intentions	Lesson 3 Learning Intentions
	<ul style="list-style-type: none"> Understand the requirements of the Year 11 course including: <ol style="list-style-type: none"> Food investigation task Food preparation task Final written exam. 	<ul style="list-style-type: none"> Understand the requirements of the food investigation task including research, plan and carry out an investigation into the working characteristics, functional and chemical properties of ingredients, record the investigation findings, analyse and evaluate results, present the food investigation task. 	<ul style="list-style-type: none"> Pupils to receive written brief. To start NEA assessment with title of the task. To use a range of resources to carry out research methods linked to the brief.
Week 2	Lesson 4 Learning Intentions	Lesson 5 Learning Intentions	Lesson 6 Learning Intentions
	<ul style="list-style-type: none"> Understand the requirements of the food investigation task including research, plan and carry out an investigation into the working characteristics, functional and chemical properties of ingredients, record the investigation findings, analyse and evaluate results, present the food investigation task. 	<ul style="list-style-type: none"> Undertake a practise NEA practical experiment. To look at what photos are required from experiment. 	<ul style="list-style-type: none"> To undertake recipe research. To build up references for assessment task. To look at potential hypothesis options linking to the brief.
Week 3	Lesson 7 Learning Intentions	Lesson 8 Learning Intentions	Lesson 9 Learning Intentions
	<ul style="list-style-type: none"> Research, plan and carry out an investigation into the 	<ul style="list-style-type: none"> Research, plan and carry out an investigation into the 	<ul style="list-style-type: none"> Carry out a range of practical investigations into the
